SIT Minutes: October 23, 2017

Members Present
Admin – Lisa Sigmon
Media – Jennifer Roberson
Technology – Amanda Chavis
Literacy Design Coach – Whitney Lannon
Title 1 – Debbie Efird
TA – Brandy Ashley
K – Allison Billings
1st – Emily Hinson
2nd – Brandi Bell
3rd – Susan Kimball
4th – Barry Rymer
5th – Sherry Hubbard
Parent Reps: Tracy Morrison, India Bearce

Items Discussed:

1. Novant Wellness Screening:

    Novant will provide a wellness screening for all staff members free of charge. This is a wonderful opportunity to receive a check up and Mrs. Sigmon has scheduled the wellness screening for March 2018. There will be an incentive for participation in this free screening.

2. iReady:

    This is a program that helps students work toward mastery of standards in reading and math. We are very excited to get this program up and running as students prepare for end of year testing. This will likely begin sometime in February and will take place before and after school. Staff will need to monitor students during their assigned times and will be asked to sign up once we have everything in place. Staff members will be able to swap time for the end of the year workdays.

3. Data Meeting:

   The instructional support team will work on the data presentation. If you are using data in a new or unique way, please share with Mrs. Sigmon so it can be incorporated into our presentation.

4. Report Card Conferences:

   Please use this time to discuss/review the progress of students thus far in the school year. This is also a great time to review the Home/School Agreement.

5. Gum Issues:

   It has been brought to our attention that the custodians are finding gum in the hallways and on the sidewalks. We will issue a school wide warning in hopes to resolve the problem. If this does not work then we will become a gum free school.

6. School Visit:

   SIT members will visit SouthToe Elementary toward the end of November. This school was extremely high in math scores for the 2016/2017 school year. SIT members will share insights gained from the visit.
