

CELL PHONES

Cell phone use in classrooms is prohibited without teacher permission. Upon entering the classroom, the student is required to place his/her cell phone into the "phone holder" or designated area provided by the teacher. Cell phones will only be used at times and for purposes directed by the teacher. Cell phones may be used in non-traditional instructional times, such as, before and after school, class transitions, and lunches, etc. It is imperative that classroom instruction remains at the forefront and void of distraction. We will do our best to communicate with students as it pertains to cell phone usage. If cell phone issues in the classroom become disruptive to the learning environment, it will be brought to the attention of counselors, parents, and/or administration.
